Eligibility Requirements

Qualifier Eligibility

- All players must have a minimum of 10 scores in the last 2 years at time of registration. Scores can be in either 8-Ball or 9-Ball but can not be combined (10 in one format or the other)
- At least one player (the player who registers the team) must be a captain in a Guelph or Cambridge Division in the current Fall 2024 session. Captains of 8-Ball, 9-Ball and Ladies count. Masters do not count as per APA rules.
- All players participating must be active in the Guelph or Cambridge area

Vegas National Tournament Eligibility

- To play in Vegas all players require 20 scores by April 30. Scores can be in either 8-Ball or 9-Ball but can not be combined (20 in one format or the other)
- All players must be a captain in the **Fall 2025 and Spring 2026 Session**. This means that any players not currently a captain must become a captain during the Fall 2025 and Spring 2026 sessions. Most players will have an ability to make this happen. 3 players who only play on 1 team will not likely be able to achieve this. Bottom line is all players participating in Vegas **MUST** be a captain
- All players must remain active in the Guelph CPA through the end of the Summer Session as the Vegas Championships are in August.

Other Information

Players that know they will not be eligible to participate in Vegas, or travel to Vegas, are still eligible and encouraged to participate in the Guelph CPA Captains Tournament. Those players on the winning team, who are not eligible to play in Vegas, will receive a partial cash payout with remaining money being used to replace them on the Vegas Roster. This payout amount will be determined once number of entries are known.
